# Puppy Prepositions

Learn about prepositions with puppies! A preposition is a word that combines with a noun to show location, movement, or time.

Here is a list of common prepositions that show location:

above	beside	on
around	between	over
behind	inside	through
below	near	under

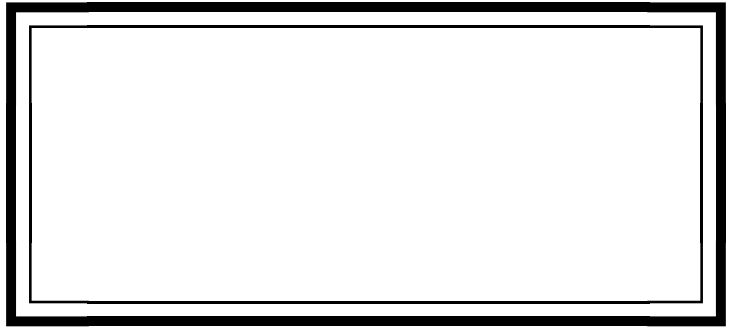

Using location prepositions from the list, write ten sentences showing where the puppy could be located and draw a picture to illustrate each sentence.

Example:

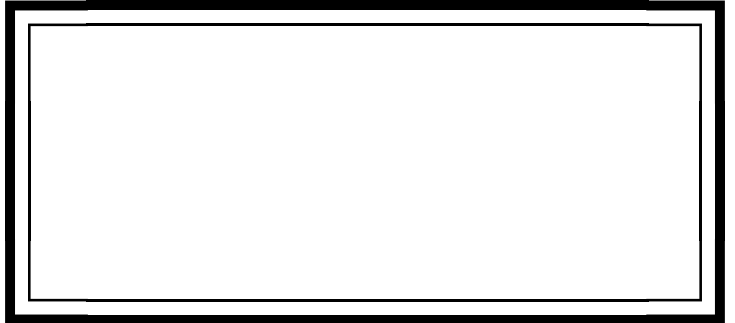

The puppy jumped above the ball.
